The screenshot displays a Padlet virtual activity interface. At the top, a browser window shows the URL padlet.com/goncaguen/discussion-topic-goes-here-bcqoe4vr7u99isc1. The Padlet board has a dark purple background with a grid of four columns. Each column contains a question and several user responses. The questions are:

- Column 1: "If you could go to Ephesus, what would you want to see?"
- Column 2: "Why should we take care of old places like Ephesus?"
- Column 3: "How is life in Ephesus different from life today?"
- Column 4: "Why do you think the people built big buildings in Ephesus?"

Responses are provided by users such as Iwona Szybowicz, Eleftheria P., Fabulous Ant, and Adventurous Zebra. A video feed in the bottom right corner shows a participant wearing a headset. The interface includes a search bar, a "Remaining meeting time: 02:36" indicator, and a "Stop share" button.
